

Bi-monthly report

Dong Wang
2015/1-2015/3

Research work

- ASR
 - Bi-lingual investigation
 - De-Reverberation
 - DNN visualization
- SID
 - Truncated speech
 - DNN-based discriminative method
 - DNN-based feature extraction
 - i-vector clustering
- Text processing
 - Relation learning

Research work

- Paper written, 1 journal, 6 conferences
- Paper review for MTAP, Neural computing, TASLP, ChinaSIP
- NCMMSC and APSIPA secretary work

Project work

- Tsinghua AI lab
- Huilan collaboration
- Puqiang collaboration
- NSFC proposal

Teaching

- Multimedia
- Speech processing

Team work

- Resource construction
- Supervise team members
